Speech of the CEO

Semir Zeydan

CEO

2023 has been a testament to our unwavering commitment and steadfast determination to make a tangible difference in the lives of refugees and displaced persons in Syria and Turkey. While we faced significant challenges, particularly the devastating February 6th earthquake that affected vast swathes of Turkey and Syria, we also mounted a large-scale emergency response and achieved remarkable accomplishments, summarized in this report.

In Syria and Turkey, our organization played a leading role in identifying and assessing needs, providing critical assistance in various sectors, including emergency response, education, shelter, healthcare, food aid, orphan and disability sponsorships, cash assistance, employment opportunities, access to clean water, and much more.

The devastating earthquake turned lives upside down, forcing refugees who had barely caught their breath to flee and displace once again. This put our organization to a real test, and once again, our staff proved their readiness to deliver the highest levels of dedication and sacrifice.

Despite the complete destruction of our main office in Antakya by the earthquake and the loss of one of our key staff members, our Human Resources Director, Mr. Rami Alou, our response began the day after the earthquake, both in Turkey and Syria. We contributed to evacuating and sheltering victims and providing everything possible to alleviate their suffering.

Throughout the year, we expanded our reach to cover most areas of northern Syria and new cities and regions in Turkey, aiming to reach the largest possible number of beneficiaries to

address the urgent needs of the population, displaced persons, and earthquake victims. We also worked to find sustainable solutions to improve their living conditions in the long term.

2023 was a year of internal restructuring for our organization to align with global standards in terms of effectiveness, transparency, accountability, strong and equitable policies. We also increased the proportion of infrastructure and long-term development projects due to their sustainable impact on people's present and future.

Our accomplishments in 2023 would not have been possible without the collective efforts of our employees and volunteers, who once again demonstrated their commitment and unwavering adherence to the spirit of humanitarian work as a message they carry and a cause they live in all aspects of their lives. I express my deepest gratitude to each of them for their unwavering commitment and dedication. Their hard work and dedication have been the driving force behind our organization's impact and success.

I also extend my sincere thanks and prayers to our supporters and donors, who have proven time and again that the longer the ordeal our people endure and the higher its costs, the more generous, giving, and sacrificing they become. Your generosity has allowed us to connect with those in need, meet their aspirations, and raise their hopes for a better life and a brighter future. I express my gratitude and appreciation to our esteemed donors who have been our role models in giving and generosity in the darkest of times. The coming year, God willing, will be the year our organization reaches professionalism in humanitarian standards and continues to uphold its spirit, mission, and high values. As we look forward to a future where peace, dignity, and prosperity are a reality for all, we recognize that we have many responsibilities, that there are those who look to us for help in building a better life, and that our work is still in its early stages.

01

About Nima Relief Organization

Nima Relief Organization is a non-profit humanitarian organization that provides emergency relief, contributes to rehabilitation, and offers developmental assistance and support program services to poor or war-torn communities around the world.

Nima Relief Organization upholds the highest professional standards in program delivery, including accountability to both beneficiaries and donors. The current focus is on meeting the basic needs of the most vulnerable and critical cases of victims of war in Syria, particularly women and children among refugees in Turkey and internally displaced persons in northwestern Syria. The organization is registered in Turkey under license number (057-023-31).

Our Vision

A world free of poverty and injustice, where people unite to serve communities affected by crises.

Our Mission

The name of our organization, "Hifz Al-Ni'mah", is the principle that inspires our mission to improve the lives of the needy. When blessings are preserved in all their forms, they last for their owners, lift communities out of poverty, and thereby enhance and support the aspirations of the needy person. It also establishes and directs the pillars of basic freedoms toward a cohesive society and inspires communities around the world to ensure that no form of blessings is wasted.

Our Values

Transparency - Accountability - Integrity - Credibility - Leadership and teamwork - Justice and equality

Organization activities

Nima Relief Organization was founded with a passion and a strong vision to meet the needs of individuals affected in deprived and disaster-stricken areas around the world. Efforts to provide assistance began in 2018, when the Organization was officially registered and licensed in Turkey. Initially, the focus was on helping Syrian refugees in Turkey, particularly in the Hatay region.

Over time, Nima Relief Organization has grown and expanded its scope of work to include additional areas in Syria. In late 2020, the Organization partnered with non-governmental organizations such as Global Relief Trust (GRT), a UK-based organization, to expand its reach and provide assistance in areas such as Idlib, Afrin, and Azaz in northern Syria.

Tangible results were achieved from this expansion, as the organization's income has increased significantly. Revenues rose from a few hundred thousand dollars in 2020 to over three million dollars in 2021, and in 2022, it exceeded five million dollars. This rapid growth reflects the growing trust in the Organization and the effectiveness of its efforts in improving the lives of people affected by humanitarian crises.

This success has been invested in strengthening the organization's performance and improving its policies and procedures. The focus has been on strengthening the Organization's human and non-human resources, improving planning and organization, and developing transparency and accountability. Thanks to these improvements, the Organization has continued to achieve a greater positive impact and meet the growing needs of affected communities.

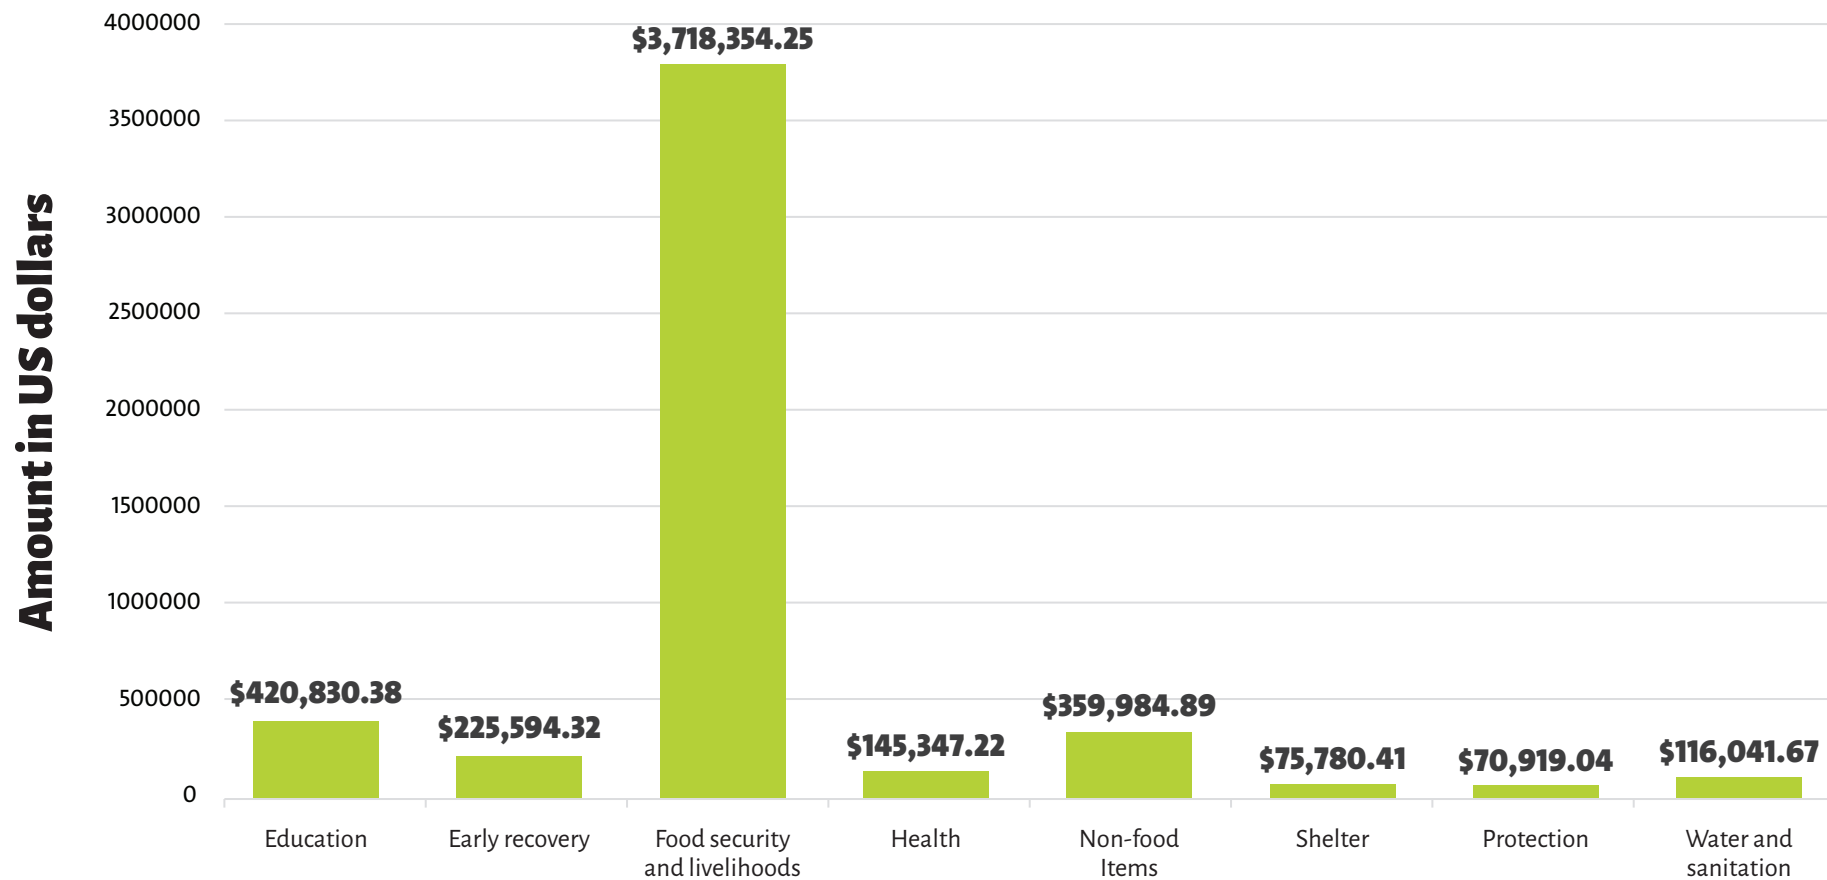

Nima Relief Organization is committed to providing comprehensive and sustainable services to individuals in need. The organization works to provide emergency assistance in times of crisis, and at the same time, it seeks to build and renovate educational facilities and schools, provide shelter, and encourage the establishment of small businesses for affected and needy families of refugees and internally displaced persons. These efforts aim to empower individuals and provide opportunities for a decent life and sustainable stability.

In general, Nima Relief Organization is working with all its strength and determination to achieve its vision of providing comprehensive assistance and support to affected individuals, promoting social justice, and achieving sustainable development in the communities it serves.

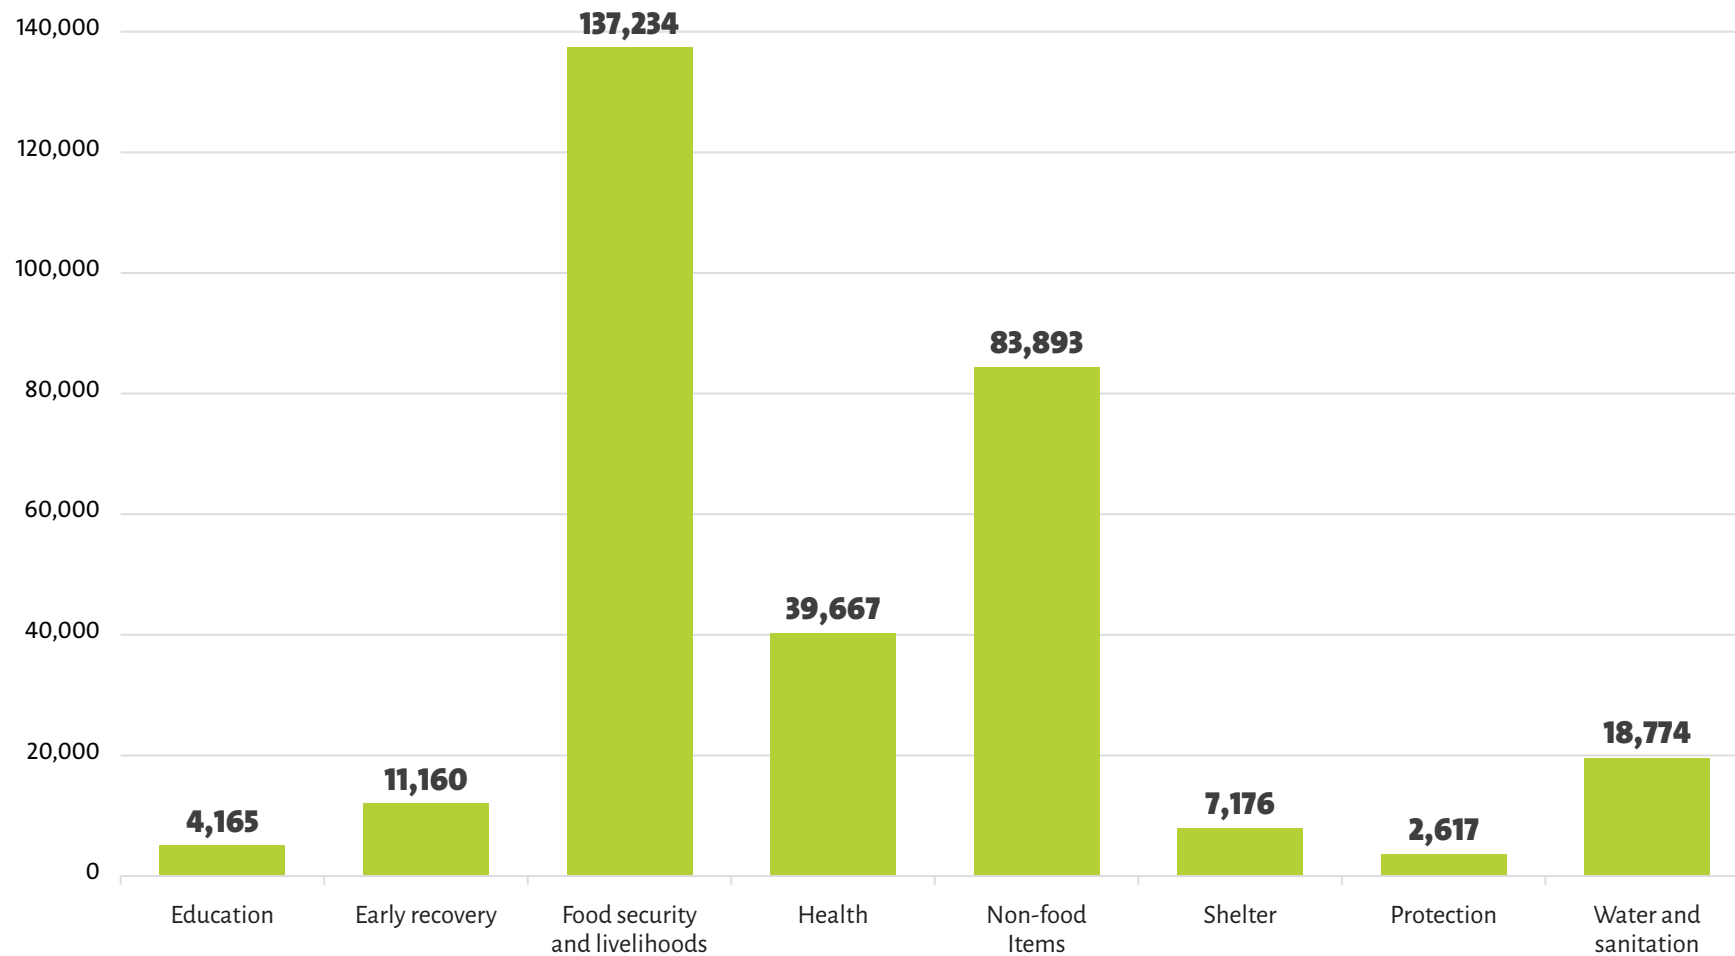

Funds spent on humanitarian sectors in 2023

Total: 5,132,852.16 \$

Number of beneficiaries by sector in 2023

Total: 304,686

Education Sector

The organization firmly believes in the power of education for societal advancement. To realize this vision, they dedicate **8%** of their budget toward comprehensive educational initiatives. These efforts include:

Infrastructure: Enhancing school facilities and resources for an optimal learning environment.

Teachers: Professional development programs to elevate teaching standards.

Students: Financial aid for university students, along with operation of schools and educational centers providing both traditional and extracurricular programs.

Development: Emphasis on skill-building and well-rounded development through sports and activities.

Goals:

Empowered Communities: Creating an educated generation that can drive positive change.

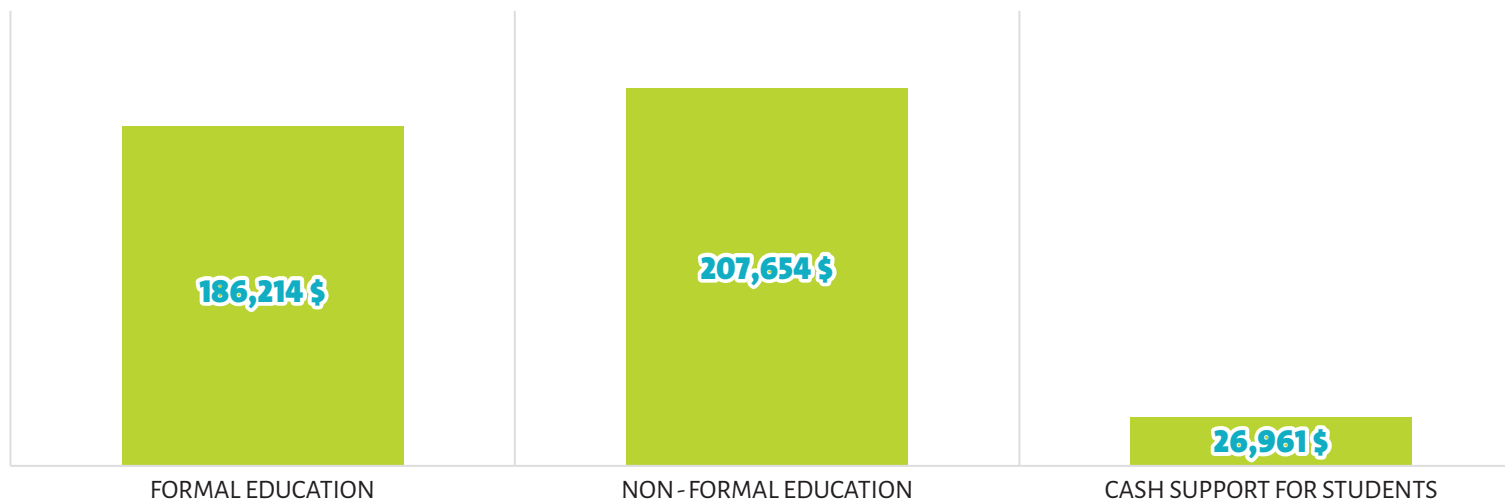

Student Success: Providing tools and opportunities for students to reach their full potential.

This substantial investment in education demonstrates the organization's unwavering commitment to building a stronger society. Their multi-faceted approach positively impacts students, teachers, and the wider community.

Amount spent on the Education Sector

Total: 420,830 \$

Amount in US dollars

Food Security and Livelihoods Sector

The organization prioritizes addressing the fundamental needs of those impacted by crises, understanding their importance for sustainable development. It dedicates approximately **72.5%** of its budget to the food security sector, driven by the urgent need to support vulnerable communities within the region's humanitarian challenges. In 2023, this enabled the following:

Strategic Food Aid Distribution: Assistance aligned with seasonal needs (winter, Ramadan, Eid al-Adha).

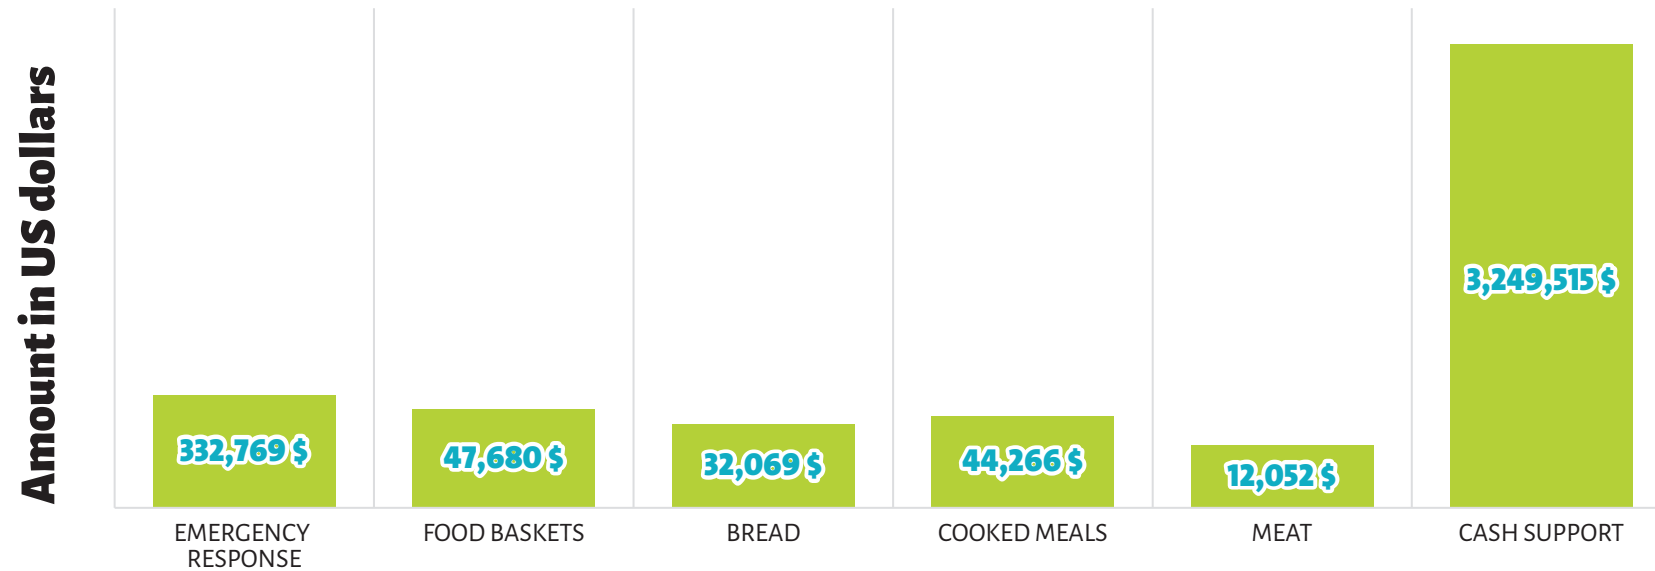

Crisis Response: Emergency relief provided to those affected by the earthquake in northern Syria and southern Turkey.

Sustainable Projects: Efforts in western Syria focused on long-term food security and livelihoods.

The organization's food security work in Syria and Turkey demonstrates its commitment to sustainable development and support for the most vulnerable. Implemented projects highlight the potential of humanitarian efforts to make a lasting impact.

Amount spent on the food security and livelihood sector

Total: 3,718,354 \$

Health Sector

The healthcare sector made significant strides in 2023, prioritizing comprehensive care for vulnerable populations in rural Idlib, Aleppo, and Turkey. This focus consumed roughly **3%** of the organization's budget. Key achievements include:

Physical Therapy & Rehabilitation: Funding ensured the ongoing operation of two centers (Taiba and Khatwa), where patients with injuries or chronic conditions received essential treatment sessions.

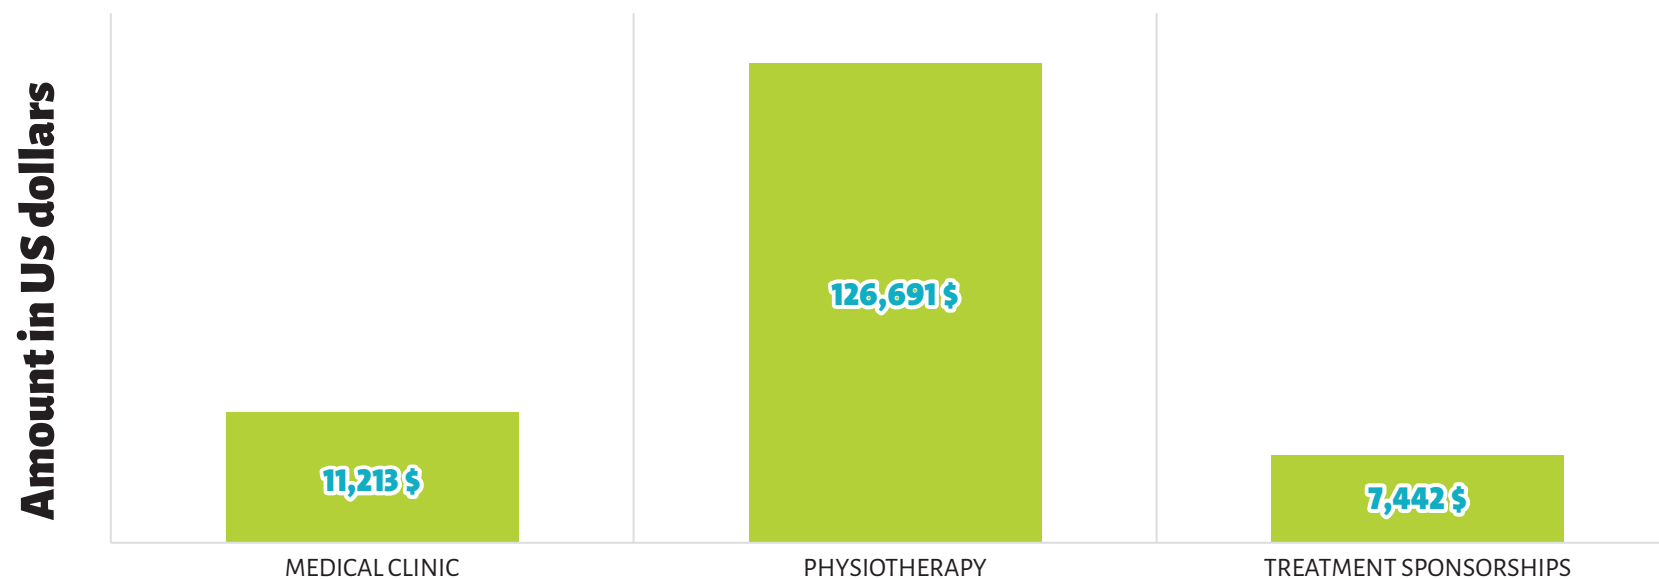

Primary Healthcare: A clinic was established within the Bab al-Salam camps, providing displaced persons and refugees access to basic medical services and consultations.

Aid for Wounded & Cancer Patients: The sector's commitment extended to treatment sponsorships for those battling severe injuries or cancer. This support encompassed medications, vital therapies, and medical follow-up, significantly improving health outcomes.

These efforts had a tangible impact on the health and well-being of residents, displaced persons, and refugees throughout the region. The healthcare sector's dedication to providing accessible, high-quality care for all, regardless of background, serves as a powerful example for sustainable development and humanitarian work.

Amount spent on the health sector

Total: 145,347 \$

Non-Food Security Sector

Dedicated this sector approximately **7%** of its total budget to implement targeted humanitarian activities during the year 2023. These activities diversified to include the distribution of essential in-kind assistance, such as fuel and heating materials during the winter season, blankets, and protection materials.

Key Achievements:

Non-food items distribution: Fuel, blankets, protection, and hygiene materials were distributed to families in affected areas in Syria and Turkey.

Clothing Distribution Center: The clothing distribution center was operated in the Turkish city of Reyhanlı, after being relocated from the earthquake-affected city of Antakya. The center collects new and used clothes from government partner organizations and individual donors, sorts them, displays them, and distributes them for free to those in need.

Our efforts contribute to improving living conditions and meeting the basic needs of affected individuals in areas of need in Syria and Turkey. Providing essential aid and clothing helps alleviate suffering and enhances families' sense of dignity and security.

Amount Spent on Non-Food Security

Total: 359,984 \$

Shelter Sector

Amidst the cascading crises that have befallen the region, an exceptional housing initiative has emerged as a beacon of hope, illuminating the paths of displaced and refugee families. This initiative, which constitutes **1.5%** of the 2023 budget, has been allocated to provide decent and secure housing for hundreds of families who have lost their homes due to conflicts.

The "Al-Aman Village," "Al-Amal Village," and "Al-Salam Village" projects embody the fruits of this initiative on the ground. 230 apartments have been constructed during 2022 and 2023, becoming a safe haven for families who have faced the harshness of homelessness and displacement. Efforts are not stopping there, as work continues to provide more housing. Four new residential villages are currently under construction: "Al-Farah Village," "Al-Saada Village," "Shamona Village," and "Safaa Village." These villages will comprise 1,464 apartments, scheduled for completion in 2024, and will become the nucleus of new vibrant communities. These residential villages go beyond the concept of providing shelter to become a symbol of hope and a new beginning. They have been designed to provide a sustainable and comfortable living environment, ensuring a dignified life for families and residents.

This housing initiative embodies the values of solidarity and cooperation in the face of crises, and reaffirms our unwavering belief in the right of every human being to live in dignity and peace.

Amount spent on the shelter sector

Total: 75,780 \$

Protection Sector

Amidst the challenging humanitarian conditions faced by many in northwestern Syria, the importance of efforts dedicated to caring for the most vulnerable groups, particularly orphans and widows, is paramount. In this regard, **1.5%** of the total budget for 2023 has been allocated to support these groups, provide their basic needs, and improve their living conditions.

Orphan care forms the cornerstone of building a brighter future for them, ensuring they have equal opportunities in life. Consequently, a monthly sponsorship has been provided to a significant number of orphans in northwestern Syria, aiming to meet their basic needs of food, shelter, clothing, and education.

These efforts contribute to supporting the most vulnerable segments of society, improving their living conditions, and promoting social justice. They also contribute to building a more resilient community in the face of challenges.

Caring for orphans and widows is a mandatory humanitarian responsibility and an ethical duty that cannot be overlooked. We commend the efforts made in this field and hope for their continued expansion to encompass more of those in need.

Amount Spent on the Protection Sector

Total: 70,919 \$

Water and Sanitation Sector

Recognizing the devastating impact of ongoing crises on northern Syria, our organization understands the urgent need for clean water access. As water is essential for life, health, and the foundation of any sustainable development, we've dedicated 2% of our 2023 budget to implement vital water supply projects in this vulnerable region. Our efforts focused on equipping five carefully selected wells across these areas, ensuring thousands of residents now have access to safe drinking water. The local communities have expressed immense gratitude for this initiative, noting significant improvements in health, hygiene practices, and overall quality of life.

These water supply projects represent far more than just an answer to a humanitarian crisis. They symbolize hope, resilience, and the potential for a better future. Our organization is deeply committed to addressing these basic needs, improving living standards, and empowering communities to build a brighter, more self-sufficient future. We understand that water access is just one piece of the puzzle, and we'll continue working to support comprehensive development in the region.

Amount spent on the Water and Sanitation Sector

Total: 116,041 \$

Early Recovery Sector

Allocating **4.5%** of its 2023 budget to support education and community-building projects in northern Syria, the organization has focused its efforts on developing educational infrastructure and establishing vibrant community centers in affected areas.

Key Achievements:

Construction of 14 Community Centers: These centers have been established in areas lacking community facilities, catering to the diverse needs of local residents.

Promoting Social and Cultural Values: Activities at these centers aim to strengthen social cohesion and disseminate positive values among community members.

Empowering Individuals through Education: The organization is committed to providing accessible educational opportunities for all, fostering a safe and supportive learning environment.

This investment contributes to building strong and thriving communities in northern Syria. Education provides individuals with better opportunities to actively participate in the region's reconstruction and achieve a brighter future.

These projects demonstrate the organization's commitment to supporting education as a cornerstone of local community development in northern Syria. The organization will continue to work with its partners to achieve further progress in this area.

Amount Spent on the Early Recovery Sector

Total: 225,594 \$
