Letter from the Chairman/CEO

Samir Zidan
Chairman & CEO

Globally, the year 2021 was another year of significant challenges. And once again, our beloved Syria was no exception. The magnitude of the Syrian tragedy and the suffering of the Syrian people is known to everyone.

Making the situation more complex is the decrease in global support for Syria directly impacting all aspects of daily life including but not limited to health, food, housing, heating, education.

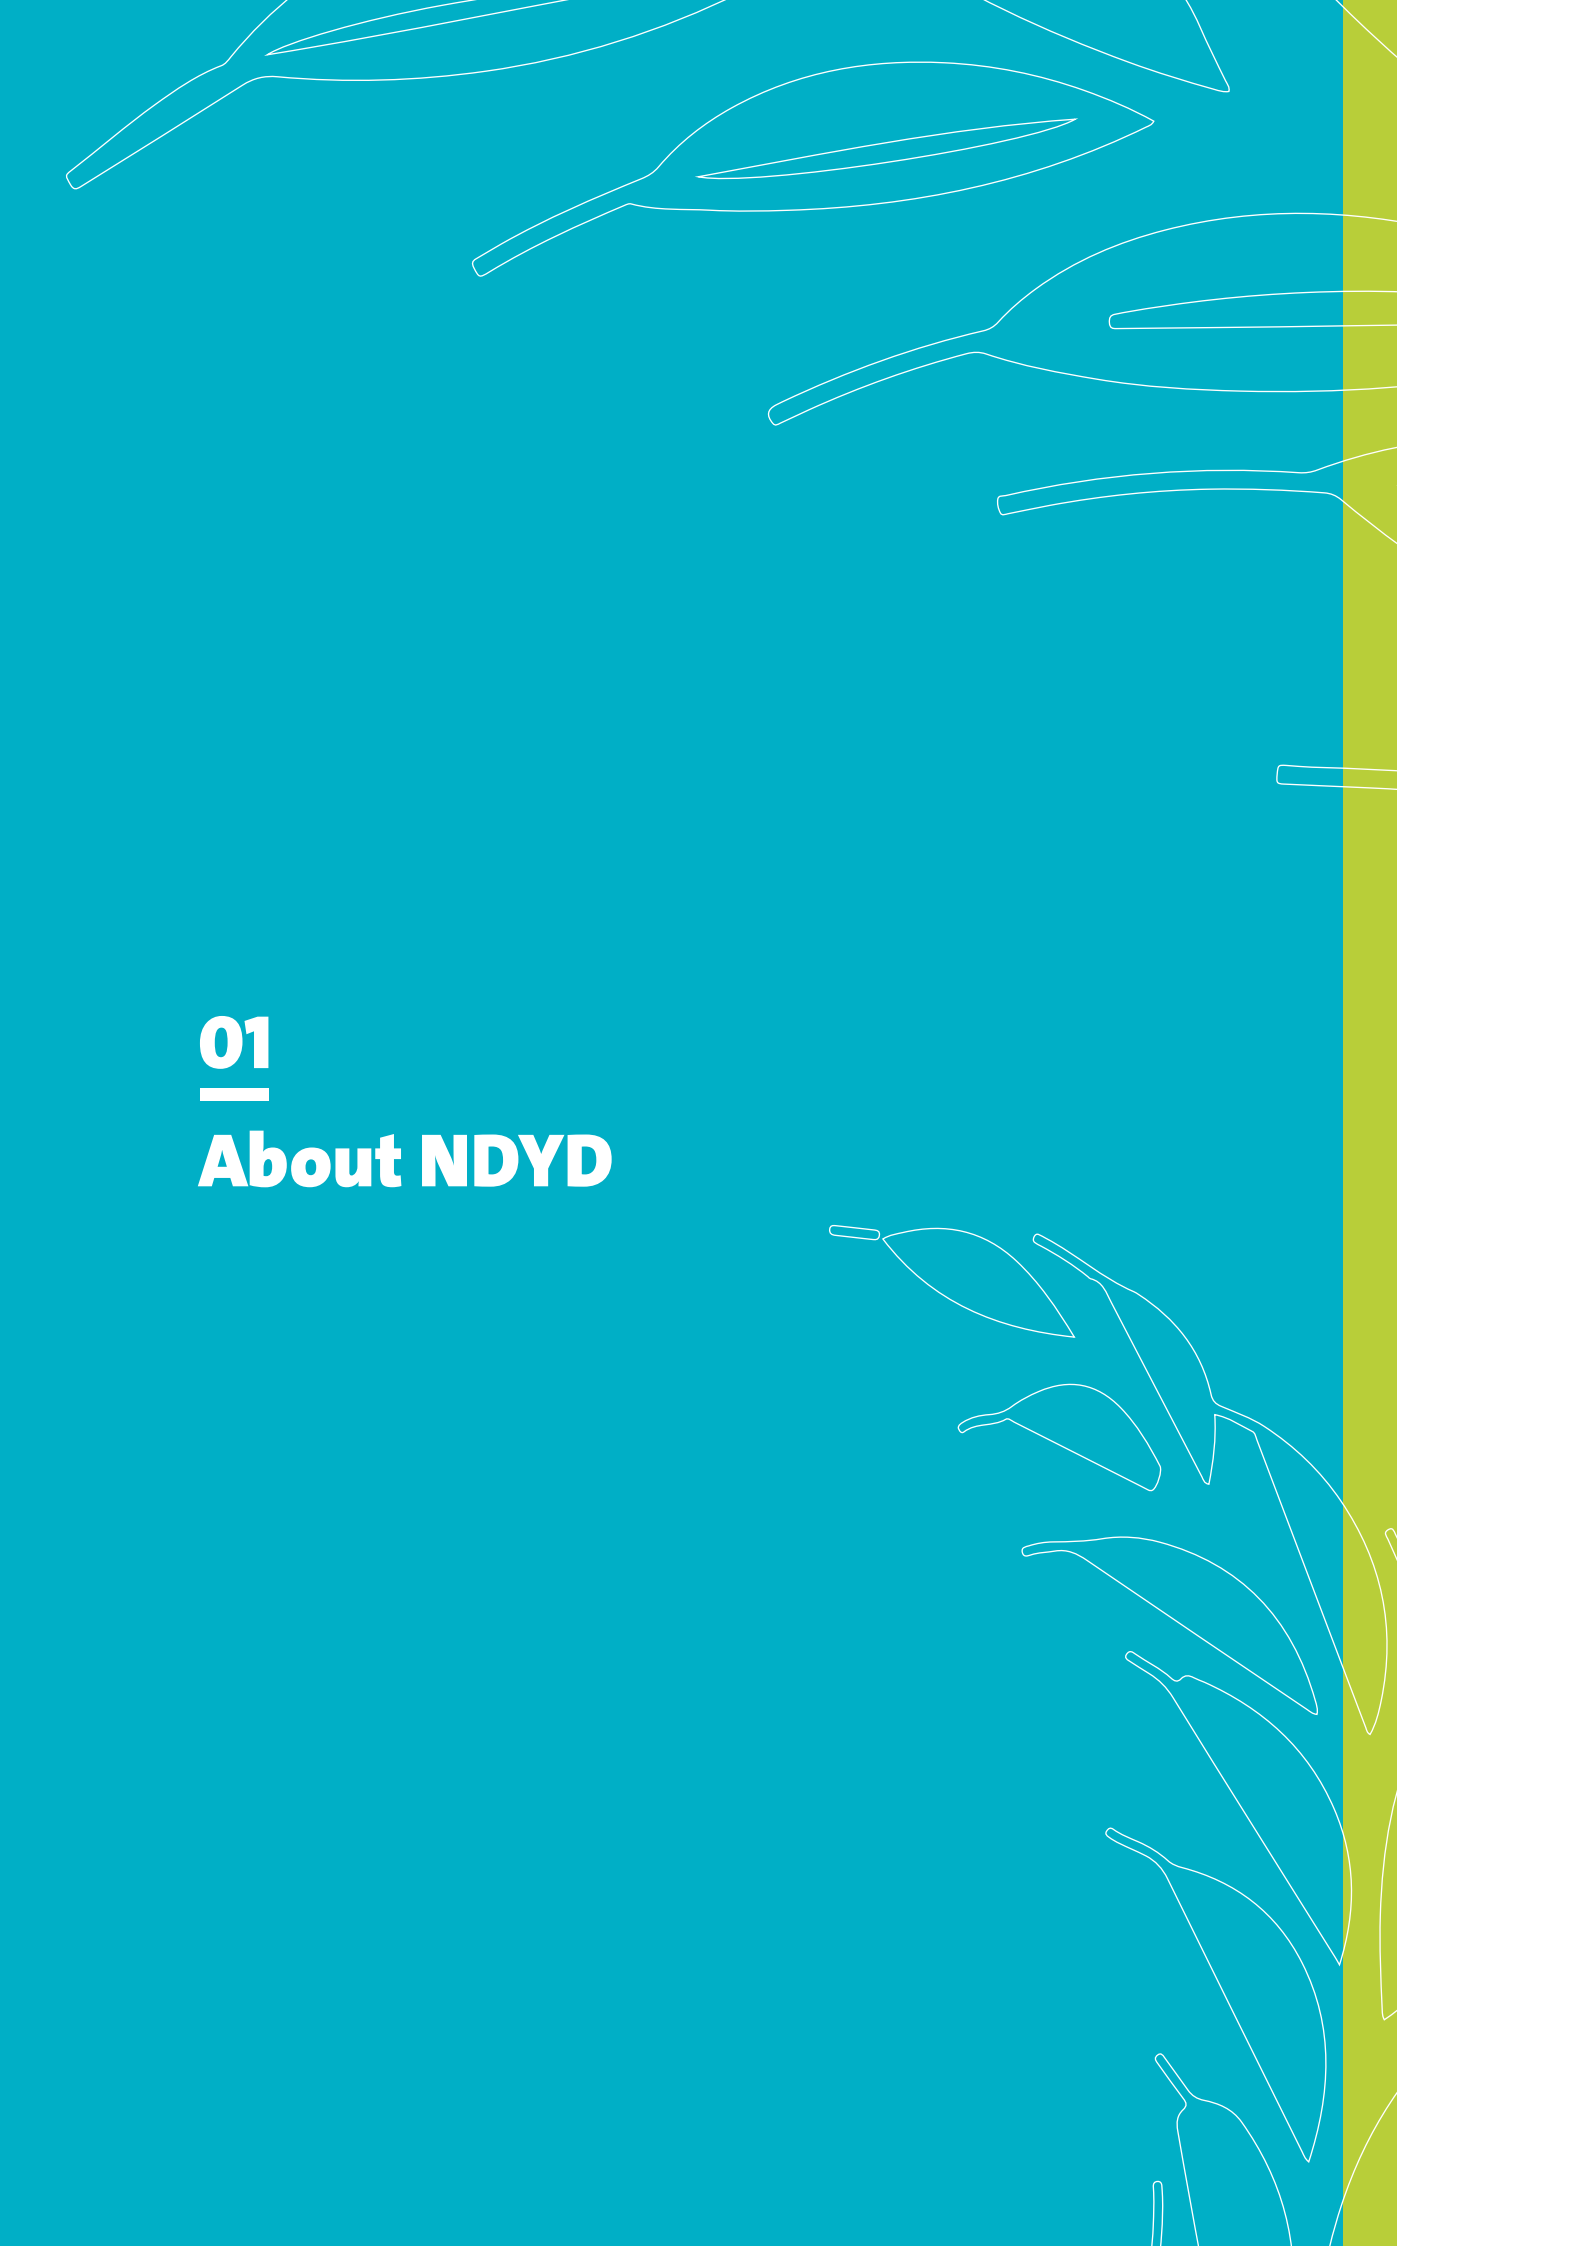

This year witnessed the harshest winter in decades further exacerbating and already dire situation facing our refugee families. Despite all these challenges, our valued partners and donors have continued to provide all forms of support with generosity and dedication. It's that unparalleled selflessness that has allowed us to continue providing much-needed services in the areas of education, health, food, shelter, non-food-aid, orphan sponsorship, financial aid, small projects,

and others. I'd like to extend a special thank you to our partner Global Relief Trust for the confidence they have shown in our operation and the support they have provided to build our capacity.

Despite the many challenges and pressures experienced on the ground in Turkey and Syria, our team has continued to operate with professionalism and sense of responsibility.

I am incredibly proud of our employees and volunteers who have demonstrated unparalleled excellence and humility in serving their communities. No words can express my thanks and appreciation to the entire N.D.Y.D. team of professionals and volunteers for their passion and dedication. Next Year we plan to expand the scope of our response to include more critical services and to reach more communities. And we will continue to serve with a full commitment to compliance, professionalism, ethics, and humanity. Once again, I offer a big thank you to our dedicated team, to our wonderful volunteers, to Global Relief Trust and to all our valued partners. I pray that next year is the year that all families in need around the world overcome their misfortunes and their hopes and aspirations are fulfilled.

01 **About NDYD**

Nimeti DegerIndirme Yardim Dernegi, (NDYD) is a humanitarian non-profit organization that provides emergency relief, rehabilitation, development assistance, and program services to vulnerable communities worldwide. NDYD upholds the highest professional norms in program delivery including accountability to beneficiaries and donors alike.

Currently NDYD's interventions are focused on serving the needs of the most vulnerable victims of the Syrian conflict, particularly women and children among refugees in Turkey and IDPs in the northwest of Syria. NDYD is registered in Turkey under license number (057-023-31).

Vision:

A world free of poverty and injustice where communities work together cooperating to emancipate societies in crises.

Mission:

Our name Hifdh Al-Ni'mah – protecting all good things in life – is the guiding principle of our mission to improve the quality of life of those in need, lift communities out of poverty, promote and uphold fundamental human rights and freedoms and inspire communities around the world to protect all good things in life.

Values

Transparency

Accountability

Integrity

Credibility

**Leadership and

02

NDYD Activities

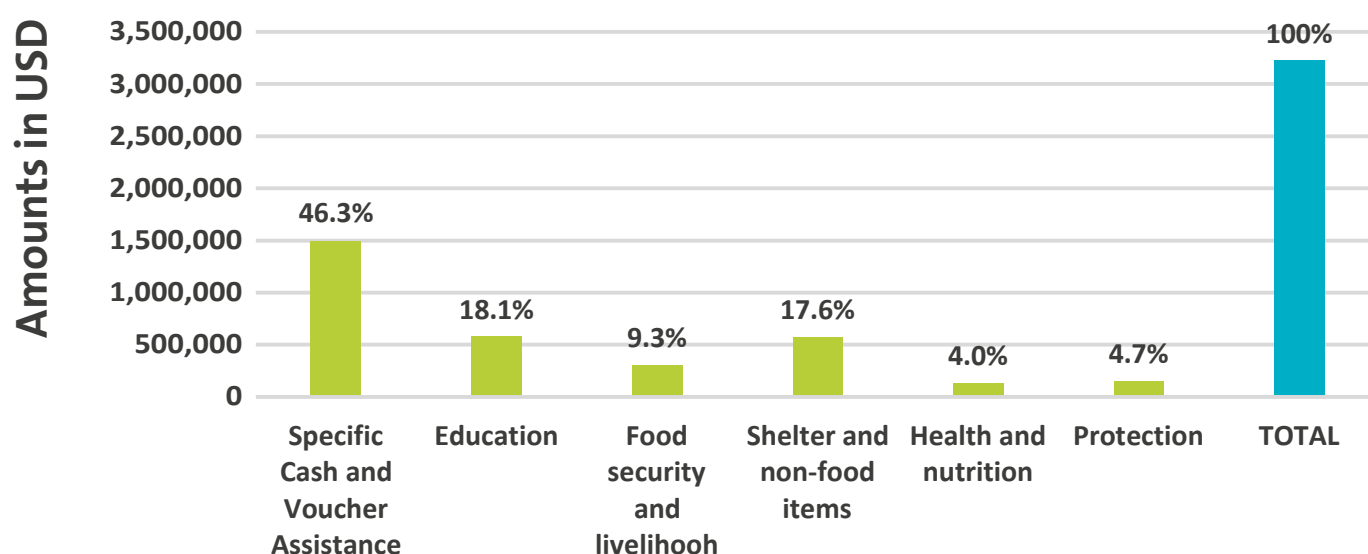

Registered in 2018, the first three years (2018 – 2020) of the organization's operation was limited to assisting Syrian refugees in Turkey and particularly in Hatay. The work has since expanded to cover many areas in Idleb and Afrin in northwest Syria as well as Hatay in Turkey. As a result of partnering with UK-based NGOs, and in particular the Global Relief Trust (GRT), the income of the organization has jumped from a few hundred thousand dollars in 2020 to over three million dollars in 2021. The growth in income continued in 2022 along with improvement in the performance and capacity of the organization. Improvements also include revision of the policies and procedures and enhancement in human and non-human resources of the organization.

NDYD is keen to provide holistic, multi-sectoral and sustainable programs that bridge emergency relief and long-term development at the grassroots level. While the organization is heavily engaged in distribution of emergency relief items, at the same time it puts efforts to build/renovate educational centers/schools, construct shelters and create small businesses to vulnerable refugee and IDP families.

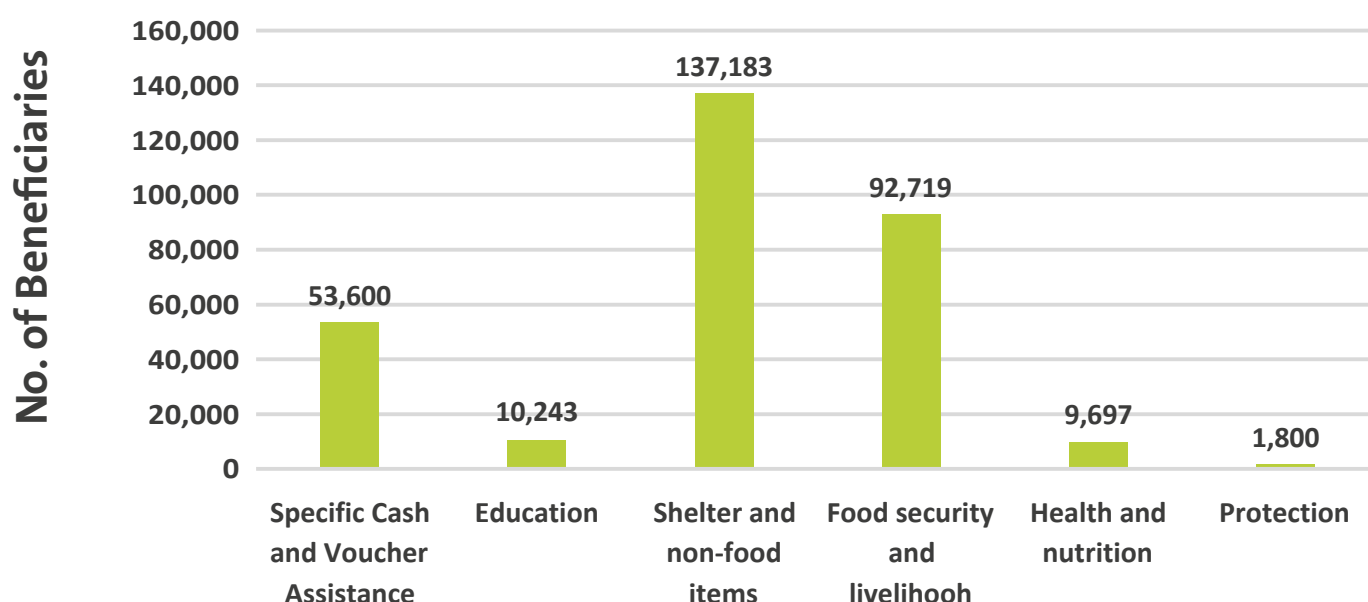

The following chart explains the distribution of NDYD's expenses on sectors for 2021:

Fund Spent on Humanitarian Sectors (Total: \$3,222,841)

The following chart explains the number of beneficiaries that were served per sector during 2021:

No. of Beneficiaries Served per Sector (Total No. of Beneficiaries: 305,242)

In the following sections, NDYD' activities in different sectors for 2021 are highlighted:

01

Cash and Voucher Assistance

The activities of this sector consumed approximately 46% of the total budget of all 2021 projects. Cash assistance usually takes place during emergency situations (such as after bombing, during harsh winter weather, and

during other calamities) for quick responses and to give the beneficiaries the options to use the fund in addressing their most urgent needs. Voucher assistance is used to lesser degree in Turkey, and this facility is available through a well-established supply chain.

The following table explains the distribution of funds spent inside Syria and in Turkey with the associated number of beneficiaries:

Location	Fund Spent (USD)	No. of Beneficiaries Served
NW Syria	1,489,536	53,405
Hatay, Turkey	2,034	195
Total	1,491,570	53,600

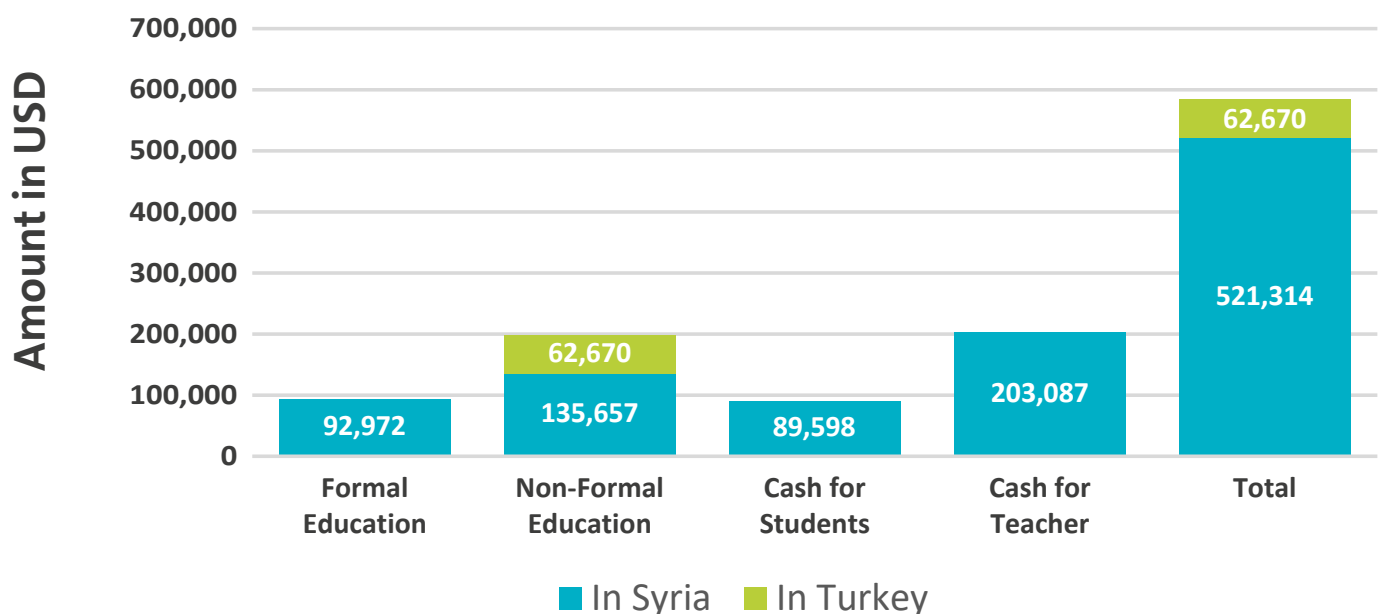

02 Education

The activities of this sector consumed approximately 18% of the total budget. The activities during 2021 included running formal and non-formal educational facilities, assisting teachers of formal and non-formal

education and assisting vulnerable university students to pay their tuition fees and costs of their education. NDYD is fully sponsoring two formal schools in Idleb while running or sponsoring six non-formal educational centers in Hatay and Idleb through which students can learn the Arabic language and enroll in other extra-curricular topics including sporting activities.

The following chart explains the distribution of funds spent on the activities of this sector:

Fund Spent on Education
(Total: \$583,984)

Formal Education

Non-Formal Education

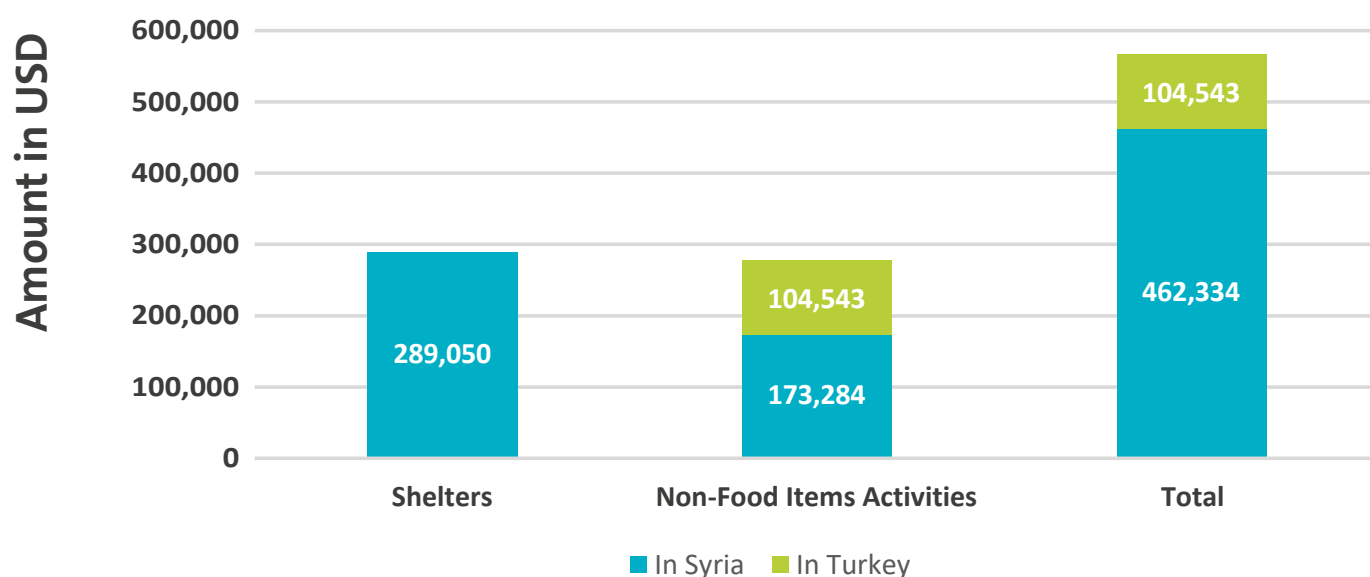

03 Shelters and Non-Food Items

The activities of this sector consumed approximately 18% of the total budget. The activities during 2021 included constructing shelters and distribution of non-food items such as fuel during winters, tent-protecting sheets

and other protective items. NDYD successfully established two villages in Idleb with 178 shelters in total. In addition, NDYD operates a clothing distribution center in Hatay. This center collects clothing (new and used) from other NGOs. The clothing is then sorted and displayed in the center and made available for vulnerable families to select free of charge. Over 5,000 families were served through this project. NDYD plans to establish a similar center in Khurbat Al-Jozz.

The following chart details the distribution of funds spent on the activities of this sector:

**Fund Spent in Shelters and Non-Food Items
(Total: \$566,877)**

New Shelters for IDPs

Clothing Distribution Center in Hatay

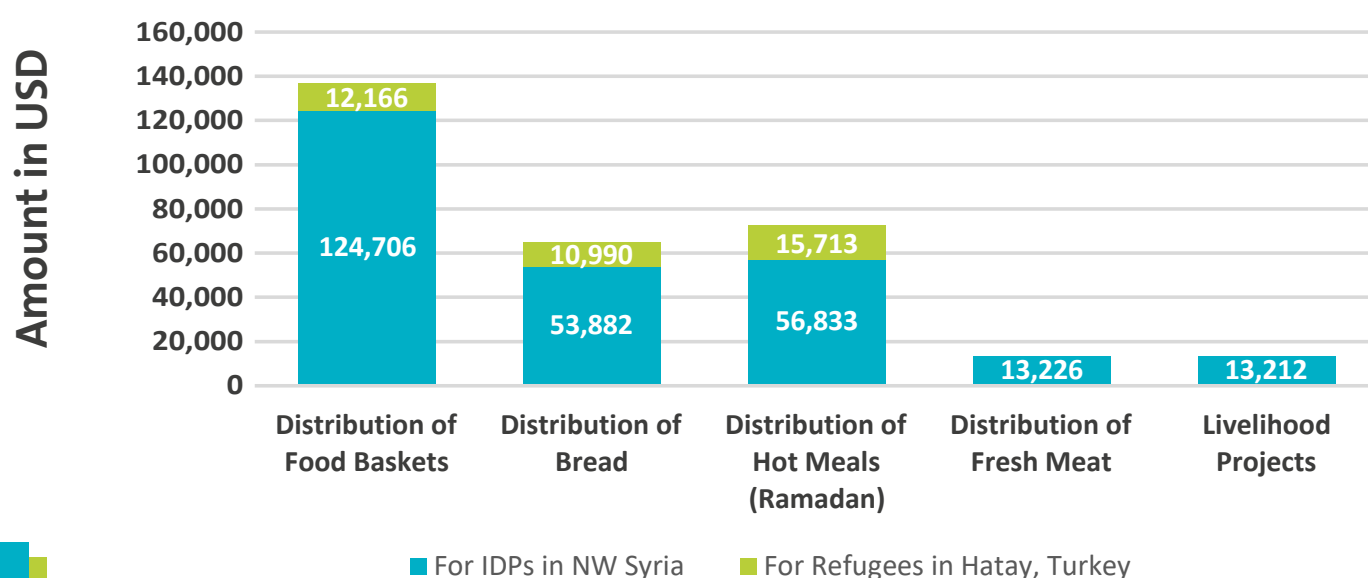

04 Food Security and Livelihood

The activities of this sector consumed approximately 9% of the total budget. The activities during 2021 included distribution of food items during seasons (winter, summer, Ramadan, Eid Al-Adha) and during emergency situations. It also included a small

Livelihood pilot project in which twelve vulnerable household leaders received small grants to establish small businesses with the guidance of an expert in this field. Long term (6 to 12 months) projects were also implemented in NW Syria. These projects included distribution of bread daily in selected camps to vulnerable families who do not receive enough bread from other service providers.

The majority of the activities of this sector, including the livelihood project, were carried out in Khurbat Al-Jozz, a sub-district of the Jisr Al-Shugoor district of Idleb. Certain activities were also carried out in Hatay, Turkey but at a smaller scale. The following chart summarizes these activities:

FSL & Livelihood Activities (Total Value: \$300,787)

Distribution of Food Baskets

Livelihood Project

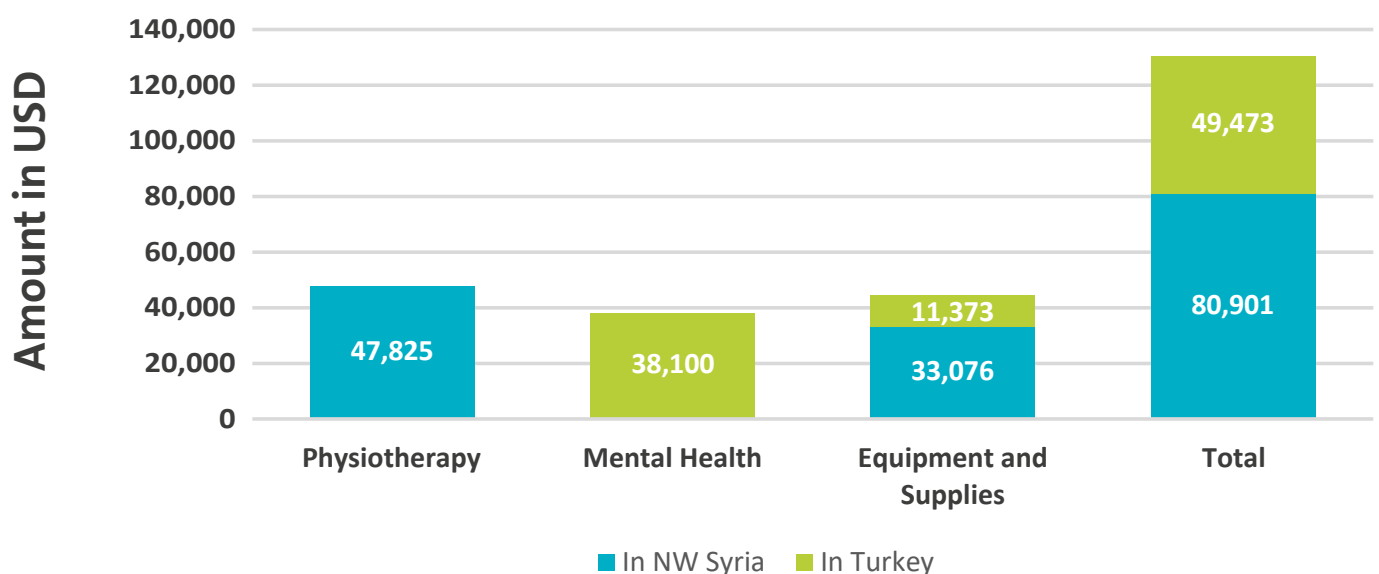

05 Health and Nutrition

The activities of this sector consumed approximately 4% of the total budget. These activities during 2021 were limited to fully sponsoring two physiotherapy

centers in Idleb, partially assisting one mental health center in Hatay and supplying medical equipment and supplies to public health centers and hospitals in Idleb. The following chart summarizes the distribution of funds by health care activity:

Fund Spent in the Health Sector (Total: \$130,374)

06 Protection

The activities of this sector consumed approximately 5% of the total budget. These activities during 2021 were limited to sponsoring orphans and assisting widows in NW Syria, particularly in Khurbat Al-Jozz. Around 300 orphans were sponsored through monthly cash payments of approximately \$50 per orphan per month. Widows are assisted irregularly and during occasions such as Ramadan through cash payments and food aid. The 2021 budget of this sector was about \$150,000 all spent inside Syria.
